Kidsplay Music is a subsidiary of King Midas Distribution. King Midas Distribution was established in 1987 and has been supplying shops and schools for many years with drums and percussion. Kids Play Music is a range of nursery / infant level musical instruments ideal for children of 3 years +. Music is an ideal way to get children actively involved as a group and helps children identify different objects and colours, making learning fun. All of the Kids Play range is recommended for children of 3 years +, we recommend adult supervision at all times as some of the products contain small pieces. Please browse our brochure, and if you have any queries please do not hesitate to contact us.
